A CAMPAIGN ON MALARIA AND DENGUE AWARENESS

With a view to combat the dangerous and deadly disease- malaria and dengue, PAFCC-NSS unit arranged a malaria and dengue awareness campaign on 26 August 2022 at 3pm.

The most effective way to get rid of malaria and dengue is "Spreading Mass Awareness". NSS volunteers, programme officer and core committee members voluntarily participated in the awareness campaign. All joined the arms against the fear of malaria and dengue. The NSS volunteers gave awareness message to the people of the adjoining area and distributed pamphlets bearing preventive measures to tackle the disease. The volunteers spread the message "We can conquer against malaria and dengue" went door-to-door.

The pamphlets were distributed about the spreading of deadly diseases- malaria and dengue, and awareness were given on how to avoid the threat of malaria and dengue etc. The NSS volunteers asserted that people must be aware of mosquito-breeding area and also urged the people to make sure that there is no water stagnation in the surrounding.

Thus, the campaign aimed at preventing water stagnation and removing mosquito-breeding grounds. It encouraged the people to fight against the deadly diseases and provided a platform to the NSS volunteers to exhibit their selfless service.

LEARNERS ENGAGEMENT ANALYSIS PROGRAMME

The Learners engagement programme was held on 6/7/2022 at 10:50 AM.

Mr. Mohammed Faizal, Head-CPOD was the resource person for the programme. He expounded to the faculty members about the usage of the advanced technology and introduced the concept of learning management system, the need and necessity of implementing this to the teaching. He emphasized that this learning management system can enhance the skills of teachers as well as students. There has been a drastic change in the method of teaching ever since the pandemic. As lifelong learners, teachers need to be exposed to the advancing technological aspects which can upgrade the quality of teaching. The teachers were also introduced to the OBS software and were instructed to incorporate such novel technologies in teaching and learning system. Dr. Surfratz J Hasim proclaimed his complete support and encouraged the staffs to make use of numerous opportunities we are exposed to and enhance our knowledge & skills.
